

Welcome to the 32nd Women in Nuclear (WiN) Global Annual Conference agenda.

We're delighted that you're joining us for an inspiring week dedicated to reshaping the narrative around nuclear energy. From main stage plenaries and 1 hour breakout sessions, to 20 minute technical presentations and papers sourced from professionals across the nuclear industry, the agenda combines expert insights with fresh perspectives ensuring a dynamic and diverse experience that reflects the exciting evolution of the nuclear sector.

We're excited to share the agenda for the WiN Global Annual Conference 2025 with you! Our goal has been to create a dynamic and engaging experience through a mix of plenary and breakout sessions, as well as those all important networking and refreshment breaks.

In shaping this year's programme, we've been intentional about embracing diversity and inclusion. So, as you look through that lens, please remember that diversity is not limited to visible characteristics such as gender, age, or ethnicity—it also includes less visible dimensions like religion, sexual orientation, neurodiversity, culture, and more. Inclusive participation was also central to our planning. We invited our global community to submit abstracts aligned with our theme, "Positively Nuclear: Influencing our Future." The response has been incredible, and our breakout sessions reflect the rich variety of topics contributed by members of the WiN network.

BREAKOUT SESSIONS INCLUDE:

1. Workshop Sessions

One-hour sessions developed in collaboration with a range of organisations, offering a wide selection of topics tailored to our delegates' interests.

2. Technical Papers and Personal Development Sessions

These shorter presentations—gathered through our global call for participation—cover a diverse array of technical and professional topics. They'll run alongside the workshops in dedicated breakout spaces.

Please note that all breakout sessions operate on a first-come, first-served basis, so we encourage you to arrive promptly to secure your preferred session. No matter which session you choose, we're confident you'll walk away with fresh insights and a rewarding experience.

Welcome to London!

We hope your time with us is inspiring, energising, and memorable. Thank you for being part of this global event.
