6th European Conference on Pharmaceutics

From advanced formulation and characterization to manufacturing better, accessible medicines

06 - 07 April 2027, Malmö, Sweden

Dear Colleague,

Following the great success of the previous European Conferences on Pharmaceutics held in Reims, Krakow, Bologna, Marseille and Porto, we are pleased to announce the next congress of this series of international meetings, which will take place in Malmö, Sweden, on 6 - 7 April 2027. The conference will be dedicated to advanced formulation and characterization to manufacturing better, accessible medicines.

The European Conferences on Pharmaceutics are organized every two years (March/April of odd-numbered years) and are jointly arranged by APGI (International Society of Drug Delivery Sciences and Technology), APV (International Association for Pharmaceutical Technology and Industrial Pharmacy) and SITELF (Italian Society of Pharmaceutical Technology and Legislation and Related Disciplines).

Typically, around 600 participants attend the conference. About one third represent industry, one third hold academic positions, and one third are young scientists, including PhD students and postdoctoral researchers – the next generation of experts in pharmaceutics. The primary goal of the conference is to bridge the gap between fundamental academic research and industrial applications, fostering fruitful dialogue and collaboration between academia and industry.

The meeting will provide an excellent opportunity for young and established scientists from around the world to present their work, discuss the latest scientific developments, build professional networks, and exchange experiences with colleagues. Internationally recognized experts will deliver plenary lectures and invited talks on key topics in the field, providing insights into the current state of the art and perspectives for future developments.

In addition, recent research findings will be presented through short oral communications selected from submitted abstracts. Poster sessions will offer participants the opportunity to learn about the latest discoveries in pharmaceutics and engage directly with the authors.

An industrial exhibition will accompany the conference, showcasing the latest innovations and products in areas such as pharmaceutical ingredients, analytical technologies, equipment, medicinal products, medical devices, contract manufacturing, and related services.

Please note that coffee breaks, lunch breaks, and the welcome reception will be included in the registration fee. These will take place in the industrial exhibition and poster area to encourage interaction and discussion among participants, exhibitors, and presenters.

We look forward to welcoming you to the European Conference on Pharmaceutics in Malmö in 2027!

Juergen Siepmann
President APGI

Sandra Klein
President APV

Paola Minghetti
President SITELF

Chair and programme committee

Chair of the conference

Andreas Gryczke, AbbVie Deutschland, Germany

Programme committee

Paolo Caliceti, University of Padova, Italy

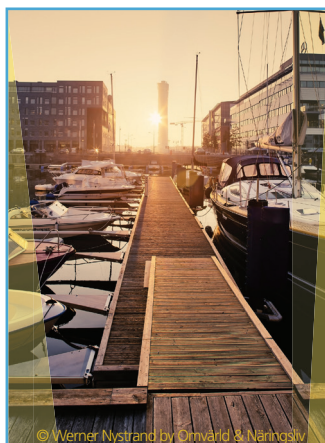

Camille Dumont, Lonza, France

Andreas Gryczke, AbbVie Deutschland, Germany

Sandra Klein, University of Greifswald, Germany

Paola Minghetti, University of Milan, Italy

Juergen Siepmann, University of Lille, France

Scientific programme

Tuesday, 06 April 2027

09:00 – 09:30	opening session	posters exhibition
09:30 – 10:30	plenary lecture	
10:30 – 11:00	coffee break	
11:00 – 13:00	short talks invited talks	
13:00 – 15:00	lunch	
15:00 – 17:00	short talks invited talks	
17:00 – 19:00	welcome reception	

09:00 Opening ceremony

Plenary lecture

09:30 Strategies to increase oral bioavailability of large molecules
David Brayden, University College Dublin, Ireland

10:30 Coffee/exhibition/posters

Invited talks: Manufacturing and controls

11:00 Sterilisation technologies for drug-product fill-and-finish processes
Alexandre Marc, Sanofi, France

11:40 3D printing
Dimitrios Fatouros, University of Thessaloniki, Greece

12:20 Modeling and simulation in formulation and process development and optimization
Adrian Funke, Bayer Pharmaceuticals, Germany

13:00 Lunch/exhibition/posters

Invited talks: Challenges for oral drug delivery

15:00 Oral paediatric drug delivery: from formulation barriers to patient acceptance
Catherine Tuleu, University College London, United Kingdom

15:40 Poorly soluble drugs
Thomas Rades, University of Copenhagen, Denmark

16:20 Oral delivery of macromolecules – an industry perspective
Nigel Davies, AstraZeneca, Sweden

17:00 Welcome reception

Wednesday, 07 April 2027

09:00 – 11:00	short talks invited talks	posters exhibition
11:00 – 11:45	coffee break	
11:45 – 12:45	plenary lecture	
12:45 – 15:00	lunch	
15:00 – 17:00	short talks invited talks	

Invited talks: Advances in nanomedicine

09:00 Liposomes
Paola Luciani, University of Bern, Switzerland

09:40 Overcoming skeletal muscle barriers for drug and nucleic acid delivery
Giovanna Lollo, University of Lyon, France

10:20 Onco-Viruses/Extracellular Vesicles
Mariangela Garofalo, University of Padua, Italy

11:00 Coffee/exhibition/posters

Plenary lecture

11:45 New technologies developing antibody-drug conjugates
György M. Keserű, Hungarian Academy of Sciences, Budapest, Hungary

12:45 Lunch/exhibition/posters

Invited talks: Characterization of drug delivery systems in development and manufacturing

15:00 Computational Pharmaceutics
Christel Bergstrom, University Uppsala, Sweden

15:40 Pharmaceutical Spectroscopy and Imaging
Clare Strachan, University of Helsinki, Finland

16:20 Oral delivery of biologics: predictive models, practical limits, and development decisions
Filippos Kesisoglou, MSD, United States

17:00 End of the conference

Abstract submission

Online submission

Abstracts can only be submitted online and only in pdf format. You can find a word template on our website. Submission will be open from 01 October 2026.

Please submit your abstract until 15 November 2026.

Submitted abstracts will be presented on one day, 06 or 07 April 2027, either orally or in poster form.

Acceptance of abstracts

Authors will be notified of acceptance of their abstract and the type of presentation (oral or poster) by the end of December 2026.

Oral short talk presentations

There will be 48 slots for short talks. The time slot for oral contributions will be exactly 10 minutes: 7-talk, 2-discussion and 1-speaker introduction. Authors can make use of video projection.

Poster presentations

Posters will be presented during special sessions. Please bring a poster with the size of DIN A0 (approx. 85cmx120cm portrait format).

More information on our website

Further information on abstract submission will be updated soon: europeanmeeting.org

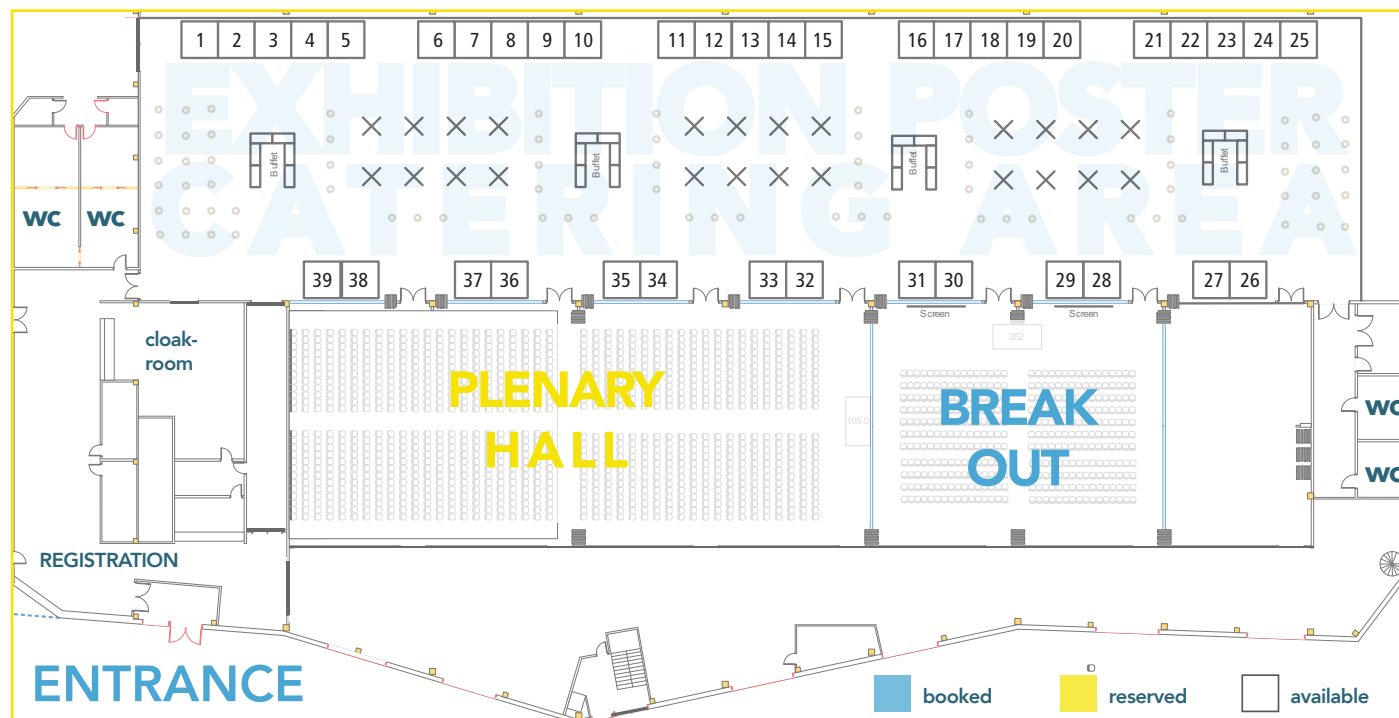

Accompanying exhibition ResearchPharm®

ResearchPharm®
International Exhibition for R&D

We invite you to join this state-of-the-art industrial exhibition

Take advantage of this great event to showcase your company and your products to a very versatile and international audience!

Coffee and lunch breaks as well as the welcome reception are included in the registration fee and will be integrated in the exhibition/poster area to create as much networking opportunities around the booths as possible.

You can find the current floorplan with available booths on our website: researchpharm.org

For more information please contact: **Ash Kapoor** ☎ +49 6131 9769 40 ✉ kapoor@apv-mainz.de

Sponsoring

Gain direct access to the delegates of the European Conference on Pharmaceuticals through enhanced visibility and exposure to attract new business.

Are you interested in knowing more about our sponsoring opportunities for the European Conference on Pharmaceuticals?
Let's get in touch and find out what might be most suitable for your business development goals.

For more information on sponsoring options contact Anna to learn more about our sponsoring and tailor-made packages.

Take advantage of this great event to showcase your company and your products to an international and very versatile audience!

For more information please contact:

Anna-Maria Pötzl ☎ +49 6131 9769 10 ✉ office@europeanmeeting.org
